Sociology in Our Times Diana Kendall 2016-01-01 This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories, research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, SOCIOLOGY IN OUR TIMES is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. The Art of Being Human Michael Wesch 2018-08-07
Anthropology is the study of all humans in all times in all places. But it is so much more than that. "Anthropology requires strength, valor, and courage," Nancy Scheper-Hughes noted. "Pierre Bourdieu called anthropology a combat sport, an extreme sport as well as a tough and rigorous discipline. ... It teaches students not to be afraid of getting one's hands dirty, to get down in the dirt, and to commit yourself, body and mind. Susan Sontag called anthropology a "heroic" profession." What is the payoff for this heroic journey? You will find ideas that can carry you across rivers of doubt and over mountains of fear to find the the light and life of places forgotten. Real anthropology cannot be contained in a book. You have to go out and feel the world's jagged edges, wipe

its dust from your brow, and at times, leave your blood in its soil. In this unique book, Dr. Michael Wesch shares many of his own adventures of being an anthropologist and what the science of human beings can tell us about the art of being human. This special first draft edition is a loose framework for more and more complete future chapters and writings. It serves as a companion to anth101.com, a free and open resource for instructors of cultural anthropology. This 2018 text is a revision of the "first draft edition" from 2017 and includes 7 new chapters.

The Art of Living with White Chrissie Rucker Chrissie Rucker & The White Company 2022-09-13 In this sequel to bestselling *For the Love of White*, Chrissie Rucker, founder of The White Company, teaches you how to harness the power of white and neutral colors to create a truly welcoming home, and provides specific tips and ideas for stylish living and celebrations to enrich each season of the year. "I love a home to feel warm, inviting, personal and lived-in - and mastering how to decorate with white and neutrals is a wonderful way to achieve this."--Chrissie Rucker In her much-anticipated second book, *The Art of Living with White*, Chrissie Rucker, Founder of The White Company, explores 10 inspirational homes that illustrate beautifully different ways to use

white and neutrals through the seasons. The homes vary in size, style and location--from a minimalist city pied-à-terre to a New England-style country house--but what unites them all is the welcoming, stylish and calm feel that their owners have each created. The homes are grouped into the four seasons and each chapter ends with a summary of seasonal rituals that will work in any home. A concluding chapter--*Inspiration & Resources*--considers finding your own style, how to create a good balance between work and home in interior spaces, the art of simple entertaining and the importance of scent and touch in a truly comfortable home. "A passion for white unites this collection of homes, but it is each owner's authentic creative imprint, that brings the art of living with white to life, in different ways. With each home comes personality, warmth and that elusive sense of comfort and calm," Chrissie explains "I really hope you will enjoy all the wonderful ideas these very different, enriching homes offer. They have all captured my imagination in their own unique way, and I hope they spark the seed of fresh inspiration for you too." *The Art of Living with White* is illustrated with 250 spectacular full-color photographs throughout.

The Geometry of Hand-Sewing Natalie Chanin 2018-05-15 As makers, we tend to learn different stitches over time without

thinking much about how they relate to one another. But when Natalie Chanin and her Alabama Chanin and The School of Making teams began to look at needlework closely, they realized all stitches are based on geometric grid systems—and by using grids as guides, they could make learning stitches, even seemingly elaborate ones, as easy as child's play. In *The Geometry of Hand-Sewing* Chanin presents their breakthrough method, featuring illustrated instructions (for both right- and left-handed stitchers) for more than 100 stitches—from the most basic straight and chain to the more fanciful feather and herringbone; photos of both right and wrong sides; and guidelines for modifying stitches to increase one's repertoire further. To simplify learning, the book also offers downloads for two stitching cards with the grids on which every stitch in the book is based. These printable cards can be used as stencils for transferring grids to fabric.

After Utopia Mack Reynolds 2011-09-29 It is the far future. Earth is beautifully planned efficiently run and happily united. It is the world that dreamers have envisioned since the beginning of time - no slums, no crime, no poverty, no disease, no shortages. But still, it is a world with problems - people have become so lazy, so self-satisfied, that human progress has all but ceased. To make matters worse, addicts of the newly-developed "programmed dreams" are increasing at an enormous rate. Only a few individuals understand the far-reaching consequences of these problems; only a few realize that the human race is destroying itself.

Plain Dealing: Cleveland Journalists Tell Their Stories Dave Davis 2018 "Plain Dealing" is a book of essays by 25 accomplished Cleveland-area journalists. It's a book of stories, many never told before. It's a first-person account of journalism in Cleveland, life in the newsroom, the issues and events these journalists covered, and the characters they worked with and met. The stories begin in the 1950s and go up to 2013, covering the post-World War II era through the days when Cleveland was a three daily newspaper

city, then two, then one. The book ends with the mass layoffs and resulting decline that ushered in "digital-first" age.

Operation: Trusted Angel Margaret Kay 2021-07-26 When Michaela 'Tech Goddess' Karras went to work for Shepherd Security, she closed the door on her past life and everyone in it. It is a life that haunts her, a past she has kept secret from most. She was a loner, a natural beauty who hid behind a standoffish tomboy persona. She kept to herself until Angel joined the agency and they became close friends.

But not Cow, who can't seem to dress for the weather. She's decked out in a parka and mittens as the first flowers bloom, ski-pants and a wool hat as the summer sun beats down, and a bathing suit and flip-flops when snow starts to tumble. Readers will love shouting out the catchy refrain "Not NOW, Cow!" while learning all about the seasons!

The Doll's House M. J. Arlidge 2015-02-12 Sunday Times Top Ten bestseller *The Doll's House* is the new twisting and terrifying thriller in the Detective Inspector Helen Grace series from M.J. Arlidge. Arlidge is the author of *Eeny Meeny* and *Pop Goes the Weasel*, and has been dubbed 'the new Jo Nesbo'. 'Detective Inspector Helen Grace is one of the greatest heroes to come along in years.' Jeffery Deaver, New York Times bestselling author of *The Skin Collector* and *Solitude Creek* 'The third instalment in the DI Grace series is as fast-paced and nail-bitingly tense as the first two. Taut and gripping, book four cannot come soon enough' Sun ***** A young woman wakes up in a cold, dark cellar,

with no idea how she got there or who her kidnapper is. So begins her terrible nightmare. Nearby, the body of another young woman is discovered buried on a remote beach. But the dead girl was never reported missing - her estranged family having received regular texts from her over the years. Someone has been keeping her alive from beyond the grave. For Detective Inspector Helen Grace it's chilling evidence that she's searching for a monster who is not just twisted but also clever and resourceful - a predator who's killed before. And as Helen struggles to understand the killer's motivation, she begins to realize that she's in a desperate race against time . . . PRAISE FOR M.J. ARLIDGE: 'Page-turningly chilling' The Times 'DI Helen Grace is a genuinely fresh heroine ... MJ Arlidge weaves together a tapestry that chills to the bone' Daily Mail 'M.J. Daily / Weekly / Monthly Planner Lilith's Publishing 2021-06-13 You'll Love This Book as Much as You Hate Your Job Brook Lundy 2011-09-01 From the twisted and hilarious minds at someecards comes a collection of cards that expresses every type of disgruntlement found in an office. These 45 cards can be used for decorating a cubicle, insulting coworkers, apologising for a drinking problem and communicating with underlings, bosses, new employees and hung-over coworkers. This book will eliminate the need for just trying to look busy all day, because readers can genuinely appear diligent by walking around the office handing out cards. In a matter of minutes, users can turn down a pointless meeting request, complain about a new project, then go ask for a raise!

Killing Love Rebecca Poulson 2015-09-01 This powerful, unforgettable and uplifting story is one part wrenching family memoir, and one part inspirational journey towards healing and forgiveness - but most of all, it's an unputdownable journey through one family's tragedy and how they refused to let it define them. On the day of Rebecca Poulson's 33rd birthday, her father, niece and nephew were murdered. The murderer had been part of her family; her brother-in-law, Neung, the father of the children. *Killing Love* is Rebecca's journey through homicide; grief, the police investigations, the media interest, the court cases, the moments of great despair - and the healing. It is a story of

individual tragedy and a family's strength, but it is also a story of a community's attitude to family violence. As a reluctant warrior for those who cannot speak for themselves, Rebecca talked to the NSW State Premier and politicians, on multiple TV shows and to print journalists in the hope that the mistakes made by the police force, DOCS, the legal system and solicitors will never be made again. Rebecca's contact with policy makers has been nothing short of history-making, and her story has directly influenced domestic violence laws in the state. Neung left a note for Rebecca's family; he hoped that he would destroy them. This is the story of how he didn't.

bookdown Yihui Xie 2016-12-12 bookdown: Authoring Books and Technical Documents with R Markdown presents a much easier way to write books and technical publications than traditional tools such as LaTeX and Word. The bookdown package inherits the simplicity of syntax and flexibility for data analysis from R Markdown, and extends R Markdown for technical writing, so that you can make better use of document elements such as figures, tables, equations, theorems, citations, and references. Similar to LaTeX, you can number and cross-reference these elements with bookdown. Your document can even include live examples so readers can interact with them while reading the book. The book can be rendered to multiple output formats, including LaTeX/PDF, HTML, EPUB, and Word, thus making it easy to put your documents online. The style and theme of these output formats can be customized. We used books and R primarily for examples in this book, but bookdown is not only for books or R. Most features introduced in this book also apply to other types of publications: journal papers, reports, dissertations, course handouts, study notes, and even novels. You do not have to use R, either. Other choices of computing languages include Python, C, C++, SQL, Bash, Stan, JavaScript, and so on, although R is best supported. You can also leave out computing, for example, to write a fiction. This book itself is an example of publishing with bookdown and R Markdown, and its source is fully available on GitHub.

Golden Gulag Ruth Wilson Gilmore 2007-01-08 Since 1980, the

number of people in U.S. prisons has increased more than 450%. Despite a crime rate that has been falling steadily for decades, California has led the way in this explosion, with what a state analyst called "the biggest prison building project in the history of the world." *Golden Gulag* provides the first detailed explanation for that buildup by looking at how political and economic forces, ranging from global to local, conjoined to produce the prison boom. In an informed and impassioned account, Ruth Wilson Gilmore examines this issue through statewide, rural, and urban perspectives to explain how the expansion developed from surpluses of finance capital, labor, land, and state capacity. Detailing crises that hit California's economy with particular ferocity, she argues that defeats of radical struggles, weakening of labor, and shifting patterns of capital investment have been key conditions for prison growth. The results—a vast and expensive prison system, a huge number of incarcerated young people of color, and the increase in punitive justice such as the "three strikes" law—pose profound and troubling questions for the future of California, the United States, and the world. *Golden Gulag* provides a rich context for this complex dilemma, and at the same time challenges many cherished assumptions about who benefits and who suffers from the state's commitment to prison expansion.

A Manual for Writers of Research Papers, Theses, and Dissertations, Eighth Edition Kate L. Turabian 2013-04-09 A little more than seventy-five years ago, Kate L. Turabian drafted a set of guidelines to help students understand how to write, cite, and

formally submit research writing. Seven editions and more than nine million copies later, the name Turabian has become synonymous with best practices in research writing and style. Her *Manual for Writers* continues to be the gold standard for generations of college and graduate students in virtually all academic disciplines. Now in its eighth edition, *A Manual for Writers of Research Papers, Theses, and Dissertations* has been fully revised to meet the needs of today's writers and researchers. The Manual retains its familiar three-part structure, beginning with an overview of the steps in the research and writing process, including formulating questions, reading critically, building arguments, and revising drafts. Part II provides an overview of citation practices with detailed information on the two main scholarly citation styles (notes-bibliography and author-date), an array of source types with contemporary examples, and detailed guidance on citing online resources. The final section treats all matters of editorial style, with advice on punctuation, capitalization, spelling, abbreviations, table formatting, and the use of quotations. Style and citation recommendations have been

revised throughout to reflect the sixteenth edition of *The Chicago Manual of Style*. With an appendix on paper format and submission that has been vetted by dissertation officials from across the country and a bibliography with the most up-to-date listing of critical resources available, *A Manual for Writers* remains the essential resource for students and their teachers.
