Jesus, Deliver Us Willard M. Swartley 2019-06-04  
“Deliver us from (the) evil (one)” is the heart’s cry from the Lord’s Prayer. Evil wears many faces in our modern world. This book connects the Lord’s Prayer to troubles of our times, be it attacks from Satan, the wars around the world, the scourge of racism, or the mass shootings of our time. The subtitle of the book identifies the scope. This book blends both deliverance from demonic bondage and witness to the powers in relation to political policies and government. While the book aims to be a biblical theology on these topics, it seeks also to address the praxis: how these evils are confronted through healing-deliverance ministries and what people of God

say and do in witness to the powers. The two streams of response to evil are really one as a faithful response to the saving work of the Lord God Almighty through Jesus Christ’s victory over Satan, sin, evil, and death. “Love your enemy” confronts evil with power to transform!

To Right Every Wrong Dave Andrews 2021-01-21  
Dave Andrews’s latest book, To Right Every Wrong, is the last in the Dave Andrews Legacy Series. It is a funny, sad, brutally honest retrospective, reflecting on what it has meant for him and his family to seek to live a lifetime dedicated to love and justice. The reflections in this book, subtitled The Making and Unmaking of

One Improbable Minor Prophet, come in three parts—the personal, the prophetic, and the paradoxical. The personal part explores Andrews’s experience of the radical, compassionate spirituality that he shares with wife, Angie, and which has shaped their way of life as a family in community with marginalized and disadvantaged groups of people. The prophetic part explores Andrews’s embrace of the “strange,” “crazy,” “improbable” call he felt to be a prophet, which he has sought to flesh out in classic prophetic roles—as an interrogator, a protester, a practitioner, and an inspirator—in contemporary prophetic contexts characterized by poverty and violence. The paradoxical part explores Andrews’s making and unmaking as a minor prophet, critically constructing and deconstructing the more confrontational aspects of the prophetic roles he has played in order to be able to practice more sensitive pastoral care.

**Joyful Witness in the Muslim World (Mission in Global Community)** Evelyne A. Reisacher  
2016-09-20 This up-to-date textbook features global perspectives on current Christian engagement with Islam, equipping readers for mission among Muslims. Evelyne Reisacher, who has worked extensively with Muslims in Europe, helps readers move from fear to joy as they share the gospel with Muslims. Reisacher surveys areas where Muslims and Christians encounter

one another in the twenty-first century, highlighting innovative models of Christian witness in everyday life. Drawing on insights from global Christianity, this survey takes account of diverse conceptions of Muslim-Christian relations. The book may surprise those who believe mission among Muslims is nearly impossible. This is the first book in the Mission in Global Community series, which reframes missiological themes and studies for students around the common theme of mission as partnership with others. Series authors draw upon their own global experience and that of their global colleagues to illumine present realities and chart a course into the future. Series editors are Scott W. Sunquist and Amos Yong.

[The African Christian and Islam](#) John Azumah  
2013-06-14 During the summer of 2010 Ghana played host to the first ever conference held within Africa to focus solely on the relationship of the African Christian and Islam. The event was led by John Azumah in partnership with the Center of Early African Theology. The conference, chaired by Archbishop John Olorunfemi Onaiyekan of Abuja welcomed over 50 participants from across 27 African countries and several denominations. This book is a collection of the papers presented by 22 of the delegates forming a historical survey and thematic assessment of the African Christian and Islam. In addition, key information on the introduction, spread and engagement of Islam

and Christianity within 9 African countries is presented. The book closes with Biblical reflections that opened each day of the conference, providing useful examples of Christians reading the Bible in reference to Islam.

**Realist Ethics** Valerie Morkevicius 2018-02

Appealing to just war thinkers, international relations scholars, policymakers, and the public, this book claims that the historical Christian, Islamic, and Hindu just war traditions reflect political concerns with domestic and international order. This underlying realism serves to counterbalance the overly optimistic approach of contemporary liberal just war approaches.

**Before Religion** Brent Nongbri 2013-01-22

Examining a wide array of ancient writings, Brent Nongbri dispels the commonly held idea that there is such a thing as ancient religion. Nongbri shows how misleading it is to speak as though religion was a concept native to pre-modern cultures.

*A World Without Islam* Graham E. Fuller 2010-08-11 What if Islam never existed? To some, it's a comforting thought: no clash of civilizations, no holy wars, no terrorists. But what if that weren't the case at all? In *A World Without*

*Islam*, Graham E. Fuller guides us along an illuminating journey through history, geopolitics, and religion to investigate whether or not Islam is indeed the cause of some of today's most emotional and important international crises.

Fuller takes us from the birth of Islam to the fall of Rome to the rise and collapse of the Ottoman Empire. He examines and analyzes the roots of terrorism, the conflict in Israel, and the role of Islam in supporting and energizing the anti-imperial struggle. Provocatively, he finds that contrary to the claims of many politicians, thinkers, theologians, and soldiers, a world without Islam might not look vastly different from what we know today. Filled with fascinating details and counterintuitive conclusions, *A World Without Islam* is certain to inspire debate and reshape the way we think about Islam's relationship with the West.

*The New Conspirators* Tom Sine 2009-10-25 "If you have faith as small as a mustard seed," Jesus says in the Gospel of Matthew, "nothing will be impossible for you." That sounds good, but does it work in a world where seeds are genetically altered by an impatient few and hard to come by for countless others? In a world where the gulf between the very rich and the profoundly poor is constantly growing, can a mustard-seed faith make any difference? And can such a little bit of faith be sustained in a world whose future is so uncertain on so many fronts?

Tom Sine says yes, and he has the audacity to try to prove it in his latest book. In *The New Conspirators* Tom surveys the landscape of creative Christianity, where streams of renewal are flowing freely from diverse sources: The emerging church Contemporary monastic movements The missional church The mosaic movement Individuals and communities of faith are coalescing in, and drawing energy from, these four streams to retrofit the church as it leads, serves and gives witness to the kingdom of God in the turbulent times facing us. Read the book and you'll want to-and be prepared to-join God's conspiracy to create a better future.

*Teatime in Mogadishu* Ahmed Ali Haile 2011 In 1991, Ahmed Ali Haile returned to the chaos of his native Somalia with a clear mission: to bring warring clans together to find new paths of peace--often over a cup of tea. A grenade thrown by a detractor cost Haile his leg and almost his life, but his stature as a peacemaker remained. Whether in Somali's capital, Mogadishu, or among Somalis in Kenya, Europe, and the United States, Haile has been a tireless ambassador for the peace of Christ. Into this moving memoir of conversion and calling, Haile weaves poignant reflections on the meaning of his journey in the world of Islam. Part of the *Christians Meeting Muslims* series

**Christian Scholar's Review** 2006  
*The Varieties of Religious Experience* William James 1882-12-16 Selected by the Modern Library as one of the 100 best nonfiction books of all time "The Varieties of Religious Experience is certainly the most notable of all books in the field of the psychology of religion and probably destined to be the most influential [one] written on religion in the twentieth century," said Walter Houston Clark in *Psychology Today*. The book was an immediate bestseller upon its publication in June 1902. Reflecting the pluralistic views of psychologist-turned-philosopher William James, it

posits that individual religious experiences, rather than the tenets of organized religions, form the backbone of religious life. James's discussion of conversion, repentance, mysticism, and hope of reward and fears of punishment in the hereafter-- as well as his observations on the religious experiences of such diverse thinkers as Voltaire, Whitman, Emerson, Luther, Tolstoy, and others-- all support his thesis. "James's characteristic humor, his ability to put down the pretentious and to be unpretentious, and his willingness to take some risks in his choices of anecdotal data or provocative theories are all apparent in the book," noted Professor Martin E. Marty. "A reader will come away with more reasons to raise new questions than to feel that old ones have been resolved."

Hope and Community Veli-Matti Karkkainen 2017 The culmination of Karkkainen's multivolume magnum opus This fifth and final volume of Veli-Matti Karkkainen's ambitious five-volume systematic theology develops a constructive Christian eschatology and ecclesiology in dialogue with the Christian tradition, with contemporary theology in all its global and contextual diversity, and with other major living faiths--Judaism, Islam, Buddhism, and Hinduism.

In Part One of the book Kärkkäinen discusses eschatology in the contexts of world faiths and natural sciences, including physical, cosmological, and neuroscientific theories. In Part Two, on ecclesiology, he adopts a deeply ecumenical approach. His proposal for greater Christian unity includes the various dimensions of the church's missional existence and a robust dialogical witness to other faith communities.

Doing the Work of Comparative Theology Veli-Matti Kärkkäinen 2020-01-28 In a world that is more religiously diverse than ever before, our coworkers and neighbors may well be adherents of other faiths. But how many of us really grasp the similarities and differences between the major world religions? Comparative theology is one increasingly important way to bridge this gap, especially for Christian leaders and professors, but also for lay people and students. Veli-Matti Kärkkäinen introduces the nature and work of comparative theology, then delves into a detailed doctrine-by-doctrine comparison of Christian teachings with those of historical and contemporary Judaism, Islam, Buddhism, and Hinduism. With every doctrine, he first presents a summary of consensual Christian belief and then orients the reader to the distinctive teachings of other faith traditions, highlighting parallels and differences. Ideal for students, ministers, instructors, and lay people interested in interfaith

dialogue, *Doing the Work of Comparative Theology* distills the comparative-theological rigor of Kärkkäinen's *Constructive Christian Theology* for the *Pluralistic World* series into an accessible and user-friendly textbook. Readers will not only learn basic methodology but also begin to undertake the actual work of comparative theology.

2014-11-18 In troubled times of heightened global tensions and conflict, (un)*Common Sounds:*

*Songs of Peace and Reconciliation among Muslims and Christians* explores the contribution of music and the performing arts to peacebuilding and interfaith dialogue in interreligious settings. It asks the simple but endlessly complex question: How is music and song used in our faiths and daily lives to foster peace and reconciliation?

Focusing on the two largest world religions that together comprise more than 55% of the world's population, the essays address the complexities of embodied, lived religious traditions by moving across and linking a range of disciplines:

ethnomusicology (the intersection of music and culture), peacemaking, Islamic studies, and Christian theology. Based on research in the Middle East, North Africa, and Indonesia, context-specific case studies serve to identify and reflect on the significant roles of music and the performing arts in fostering sustainable peace.

(un)*Common Sounds* investigates the dynamics

of peacebuilding and interfaith dialogue as they relate to music's transformative roles in conflict and post-conflict settings. Classroom tested, (un)Common Sounds also provides discussion questions and projects for each chapter, a companion Web site ([www.songsforpeaceproject.org](http://www.songsforpeaceproject.org)), and an available documentary film to enhance learning in the academy, nongovernmental organizations, and religious groups.

*The World on our Doorstep* Dewi Hughes

2016-11-17 Engaging with people of other faiths is an essential task for Christians in the UK. Reaching out to people in our neighbourhoods with the good news of Jesus always requires that we have a clear understanding of the challenges and opportunities involved, and this is particularly true with people from other faiths. This book provides a clear theological basis for mission to people of other religious groups, and some of the key issues that will have to be navigated. In an immensely practical way Dewi Hughes considers some of the pastoral issues for churches as they welcome people from other faiths with case studies from across the UK to inspire and encourage. This book equips Christians to do it wisely while demonstrating the love and good news of Jesus.

*From Suffering to Solidarity* Andrew P Klager

2016-04-28 As experiences of suffering continue to influence the responses of identity groups in

the midst of violent conflict, a way to harness their narratives, stories, memories, and myths in transformative and non-violent ways is needed. *From Suffering to Solidarity* explores the historical seeds of Mennonite peacebuilding approaches and their application in violent conflicts around the world. The authors in this book first draw out the experiences of Anabaptists and Mennonites from the sixteenth-century originsthrough to the present that have shaped their approaches to conflict transformation and inspired new generations of Mennonites to engage in relief, development, and peacebuilding to alleviate the suffering of others whose experiences today reflect those of their ancestors. Authors then explore the various peacebuilding approaches, methods, and initiatives that have emerged from this Mennonite narrative and its preservation and dissemination in subsequent generations. Finally, the book examines how this combined historical sensitivity and resulting peacebuilding theory and practice have been applied in violent conflicts around the world, noting both successes and challenges. Ultimately, *From Suffering to Solidarity* attempts to answer a question: How can a robust historical infrastructure be used to inspire empathetic solidarity with the Other and shape nonviolent ways of transforming conflict to thrust a stick in the spokes of the cycle of violence?

**Anabaptists Meeting Muslims** James R. Krabill 2004-09 This book reveals a rich diversity of Anabaptist engagement with Muslims around the world. Here are essays and reports from missionaries in the field, administrators at mission agencies, professors and scholars of mission, and theologians. Among these voices is a spirit of dialogue, questioning, agreeing, amazement, and sometimes dissent. *Anabaptists Meeting Muslims* does not seek to present a homogenized view that flows through a predetermined Anabaptist ideological grid. Rather it is a forum for giving and receiving counsel and a place to share stories

*Christen begegnen Muslimen* David W. Shenk 2015-11-02 Christen und Muslime stellen gemeinsam mehr als die Hälfte der Weltbevölkerung dar. Täglich berichten Medien über gewaltsame Konflikte zwischen ihnen. Wie können Christen in dieser turbulenten Welt Botschafter von Jesus Christus und seinem Frieden sein? Wie können sie freundschaftliche Beziehungen mit Muslimen aufbauen? David W. Shenk bezeugt, dass Christen ihrem eigenen Glauben zutiefst treu bleiben und zugleich echte Beziehungen zu Muslimen entwickeln können. Auf der Basis seiner lebenslangen Erfahrung und tiefen Kenntnis liefert dieses Buch eine Fülle von wertvollen Anregungen. Spannend und

unterhaltsam erzählt Shenk von positiven Überraschungen und spektakulären Erfolgen, aber auch von tragischen Fehlern und Missverständnissen. Fragen am Ende jedes Kapitels dienen dazu, die Inhalte in Kleingruppen oder selbstständig weiter zu vertiefen.

*Christian. Muslim. Friend.* David W. Shenk 2014-11-01 Winner 2016 “Christianity Today Book Award” for Mission/Global Church category. Can Christians and Muslims be friends? Real friends? Even in an era of intense religious conflict, David Shenk says yes. In *Christian. Muslim. Friend.*, Shenk lays out twelve ways that Christians can form authentic relationships with Muslims—characterized by respect, hospitality, and candid dialogue—while still bearing witness to the Christ-centered commitments of their faith. Rooted in fifty years of friendship with Muslims in Somalia, Kenya, and the United States, this book will inspire readers with astounding stories of the author’s animated conversations with Muslim clerics, visits to countless mosques around the globe, and the pastors and imams who are working for peace. These tried and true paths offer a compelling resource with practical application for mission personnel, Sunday school classes, and Christians who meet people of Islamic faith in their communities. Gish 2012-06-01 "A major challenge for people of faith is to resist the growing demonization of Islam, Christianity, and Judaism . . . I want to do something to build bridges between the three religions. I feel called to embody in my own life the healing, the reconciliation, the unity I long for between people of different religions." Art Gish became involved in the life and worship of all three religions; he considered himself a Christian, a Muslim, and a Jew, and worked at integrating those three perspectives into his life. Acknowledging that Judaism, Islam, and Christianity are all threatened by narrow-minded, violent extremists who put the particular interests of their own people above our common interests, he tells inspiring stories of open-minded Muslims, Jews, and Christians who struggle together for reconciliation and who confront injustices that spawn hostility. Gish looks not only at the disagreements but also at the unity of the three Abrahamic faiths. He writes, "When people cross boundaries, exciting things happen. Each time in Israel/Palestine that I experience Jews, Muslims, and Christians eating, working, laughing, and crying together, I sense a foretaste of the coming kingdom of God, a demonstration of how things could be, and one

day will be."

[Peace Clan](#) Peter M. Sensenig 2016-03-02 What happens when North American Mennonite Christians arrive in Islamic Somalia? The answer, according to Peter Sensenig, is that something new emerges: a peace clan. From the first schools and medical work in the 1950s up to the educational partnerships of the present day, Somalis and Mennonites formed a surprising friendship that defied conventional labels. Peace Clan is the story of two deeply traditional communities as they encounter change. How can Somalis apply the profound peacemaking resources of their culture and faith in a society fragmented by violence? And how can modernizing Mennonites make sense of their peace convictions in the context of civil war and military intervention? In struggling with these questions over the course of six decades, Somalis and Mennonites held a mirror up to one another. The author shows how the common quest to transform enmity brings out the best in both communities, and suggests what a fruitful partnership might look like in the present challenges. Students, academics, and lay readers alike will find on these pages a compelling invitation to join the peace clan.
