Fairchester Schools: 2008

Guide School Choice International 2008 This indispensable guide to private schools in Fairfield and Westchester counties provides all the inside scoop that you need to know to select just the right school for your child if you are moving into the area or your child is changing schools. Where do you start? To answer that question School Choice International has produced this directory to private schools in Westchester County, NY, and Fairfield County, CT, to help families find the right school for their child. Each school has been asked: *What sort of child

would thrive at this school?

*What are parents looking for who send their child to this school? *What is the experience of children transferring to this school? *What are you most proud of? School Choice International is an educational consulting firm specializing in helping families relocating internationally and domestically find the right schools for their children. Established in 1998, School Choice has over 90 consultants in more than 40 locations worldwide with considerable knowledge and experience of the different educational systems and practices around the world. School Choice has 9 consultants working in Westchester County and Fairfield County, including two special needs educators.

To Write in the Light of Freedom William Sturkey
2015-02-16 Fifty years after Freedom Summer, To Write in the Light of Freedom offers a glimpse into the hearts of the African American youths who attended the Mississippi Freedom Schools in 1964. One of the most successful initiatives of Freedom Summer, more than forty Freedom Schools opened doors to thousands of young African American students. Here they learned civics, politics, and history, curriculum that helped

them instead of the degrading lessons supporting segregation and Jim Crow and sanctioned by White Citizen's Councils. Young people enhanced their self-esteem and gained a new outlook on the future. And at more than a dozen of these schools, students wrote, edited, printed and published their own newspapers. For more than five decades, the Mississippi Freedom Schools have served as powerful models of educational activism. Yet, little has been published that documents black Mississippi youths' responses to this profound experience.
Dragonwings Laurence Yep 1993 In the early twentieth century, a young Chinese boy joins his father in San Francisco and helps him realize his dream of making a flying machine.

The Absolutely True Diary of a Part-Time Indian Sherman Alexie 2012-01-10 Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is

perfect for fans and collectors alike.

No Size Fits All Richard Striner 2020-01-06 “No Size Fits All” is a book whose time has come--a book that offers a proposal that could revolutionize public school policies in the United States at the federal, state and local levels. The book calls upon Congress to require all public school systems that benefit from federal funding to offer parents and children a choice of alternative schools, some of which would use the time-

tested Montessori, Waldorf and Sudbury methods to give American students more freedom in determining what they study and when. These alternative schools would be exempt from the broadly unpopular Common Core testing regime.

Urban Educational Identity Sara M. Childers 2016-09-13 WINNER 2017 O.L. Davis, Jr. AATC Outstanding Book in Education Award WINNER 2017 American Educational Studies Association Critics Choice Award Through rich ethnographic detail, *Urban Educational Identity* captures the complexities of urban education by documenting the everyday practices of teaching and learning at a high-achieving, high-poverty school. Drawing on over two years of intensive fieldwork and analysis, author Sara M.

Childers shows how students, teachers, and parents work both within and against traditional deficit discourses to demonstrate the challenges and paradoxes of urban schooling. It offers an up-close description of how macro-government policies are interpreted, applied, and even subverted for better or worse by students as active agents in their own education. The book moves on to develop and analyze the concept of "urban cachet," tracing how conceptions of race and class were deeply entwined with the very practices for success that propelled students towards graduation and college entrance. A poignant, insightful, and practical analysis, *Urban Educational Identity* is a timely exploration of how race and class continue to matter in schools.

First and Ten Team Mentoring

Oliver W. Spencer Jr. Ph.D
2018-05-24 The First and Ten Mentoring Program is based on a football metaphor that is infused into the academic and social setting. It encourages and empowers students to collaborate through a team effort. This unique program helps build self-esteem, especially with African American Males and other youth experiencing challenges. It is an activity that can be utilized in the classroom by teachers. In addition, a motivational tool at home for parents, to enhance and encourage students to move toward academic growth. The motto of First and Ten Mentoring is, WE BELIEVE-WE CAN ACHIEVE!

"Congratulations (Now What?)" comes a groundbreaking eBook with the potential to reinvent education in America. Exchanging comedy for community activism, Bill Cosby teams up with Dwight Allen, Eminent Professor of Education Reform at Old Dominion University, to issue a challenge to the federal government and the new captains of industry: produce one hundred billion dollars and reform, revamp, and reinvent our schools.

Together, Cosby and Allen do more than discuss the problems -- the crumbling buildings, flagging test scores, and failing students -- they offer concrete solutions, outlining a point-by-point plan for putting dot-com dollars to work. An iPublish eBook original.
