The Out of Body Experience Anthony Peake 2016-09-13 This book opens with the author's experience with the 'Lucid Light Stimulator' in Switzerland. This presents him with his first experience of 'Astral Travel'. From this he takes the reader on a historical, theological and mystical journey through the history of the 'out of body experience' in all its varieties and forms. The second half of the book discusses the science behind the experience. It reviews some of the latest research in the fields of psychology, neurology and neuro-chemistry. It then attempts a short explanation of why quantum physics may be the unlikely source of answers to the mystery of the out-of-body experience. The final section presents the author's new model of how exotic-sounding concepts such as Bose-Einstein Condensates, Einstein Rosen Bridges, Zero-Point Energy, microtubules and coherent light can be used to present a totally new explanation of how 'Astral Travel' really does involve a journey - into inner, not outer, space.

Practical Guide to Psychic Self-Defense Melita Denning 2002-09 Deliberate psychic attack is very rare. However, your psyche is constantly under attack from friends and strangers, advertisers and politicians who want to manipulate you. Luckily, there is a solution?Denning and Phillips" *The Llewellyn Practical Guide to Psychic Self-Defense*. The best way to overcome attacks on your psyche is through awareness that they are occurring. This requires you to become more awake and alert to this bombardment. Part of the technique is to understand how this attempted manipulation works. By studying this book you will gain that knowledge. The result is that the psychological intimidation that has been used on you in the past will no longer control you. There are two types of psychic attack. The first kind is attack by a person who has not had any occult training. He or she may feel slighted or betrayed by you (based on actual or imagined situations) and hold on to negative emotions. Eventually, unknown to that person, the negative energy can leap out, directed at you. This book reveals that your aura is your best line of defense. By using the exercises in this book to strengthen your aura, any such unintentional psychic attack will easily be dispelled and discharged. Even more rare is the "classic" psychic attack where a person does some sort of spell or ritual to harm you. Full instructions are given for overcoming such negative magick, both on a practical, physical level (sever any physical connection between you and the attacker) and on a ritual, spiritual level (perform blessings and rites to overcome psychic attack). But what happens if an attack does get through? First, you have to know how to recognize it. Usually, a successful attack strikes at your weak link. That could be your physical health (causing illness) or your mental attitude (causing depression). This book will show you how to recognize the problem and how to deal with it effectively.
