This title explains how to integrate social media, contacts and membership, and other tools into a complete plan that strengthens your customer base without breaking your budget. **Almost Alchemy** Dan S. Kennedy 2019-10-23 CHANGE YOUR MATH CHANGE YOUR BUSINESS CHANGE YOUR LIFE Almost Alchemy challenges your existing beliefs and self-imposed limitations—forcing you to re-imagine, reinvent, and reorganize your business to achieve and exceed goals in a systematic and sustainable way. It is thought-provoking, cage-rattling and mind blowing all in one. Alchemy isn't writing slightly better copy or tweaking your marketing to take advantage of some new media or some other hot trend. Instead, it's about reinventing the way you think about your business, recognizing the “brutal realities” that few dare to embrace or refuse to even recognize... and turning information into ACTION and PROFIT. In its mythical context, Alchemy was about one thing and one thing only: transforming ordinary metals into gold. And like thousands of others, you may start this book thinking you're in an ordinary business and finish realizing you instead have a different, bigger, better, more valuable one.

Content - The Atomic Particle of Marketing goes beyond superficial descriptions of how to produce engaging social media content to offer the results of many years of deep quantitative research, and hours of interviews with senior marketers at some of the world's leading brands. Written by a recognised industry thought-leader, Content - The Atomic Particle of Marketing explores how content functions in the broader framework of all marketing, as well as organizational concerns and IT decision making. It demonstrates the value content brings not only to "owned" media initiatives, such as a company website or blog, but also the essential role content plays in all other marketing initiatives, from social media to advertising to offline channels. It will enable readers to make the organizational, staffing, tools and process decisions necessary to get content up and running across divisions and organizational silos. Deeply researched and insightful, Content - The Atomic Particle of Marketing is, quite simply, the definitive research-based guide to content marketing.
